

Autism Day

at Six Flags Great Adventure

2018

Program Guide

Note to Everyone...

We would like to stop and take a moment to thank Six Flags Great Adventure for inviting us into their park and allowing us to put on this special event for our community. We want to remind everyone that although today is **YOUR** day, we must do our best to respect the wishes and rules set forth by Six Flags Great Adventure. Custom Education Foundation, Gersh Academy, and Six Flags Great Adventure all put the safety and happiness of our guests above all else, and any rules in place are there to help make this event a safe, comfortable, and above-all - special experience for everyone involved.

That being said, we want you to remember that this is not just another day in the park. This is **YOUR** day. This is a day where no one has to feel different or left out. This is a day where being yourself is not only welcomed, it is celebrated! There are no judgments here, no stares, no reasons to feel left out – this is a world **BUILT FOR YOU**.

Enjoy it. Try new things, make new friends, see the faces of the many men and women who spend countless hours every day helping, assisting, teaching, and uplifting the members of our community.

Maybe you want to try a roller coaster for the first time. Maybe you want to hang out by the fountains and watch how the water dances in the sky like magic. You are welcome and encouraged to **EXPLORE**. If things become overwhelming - as they do for all of us at times - you don't have to be afraid to express that. You are surrounded by incredibly supportive people who understand what you're going through, and will be right by your side as you work through it – together. This is a place where you don't have to feel alone.

We'd like to officially welcome you to Autism Day at Six Flags Great Adventure 2018. This is but one step in countless others that will help transform our world into a place that has room to support individuals of all abilities. Together, we're creating a world where individuals on the autism spectrum are **EMPOWERED** to thrive.

Thank you for helping us to **CHANGE LIVES!**

Program Guide

What Will the Day Look Like?

Custom Education Foundation, Gersh Academy, and Six Flags Great Adventure have been working hard to ensure you have an enjoyable experience from the minute you step out of your car! This guide outlines what to expect and resources available to you throughout the park. Please grab a map when you enter the park, or download it from **CustomEducationFoundation.org** before the day, as it scores all the rides that will be open by sensory level to help you navigate the ones that are best for you and those you are with.

Please note: If you have ear muffs or headphones, you can wear them throughout the park and on the Safari, but they cannot be worn on rides for safety reasons.

Remember - you are amongst friends! Everyone in the park is part of the Autism Community. This is a judgment-free zone, and all of us have been through the good and the bad. The only thing you need worry about is which ride to go-on next!

Park Entrance:

As you walk towards the park entrance, past the parking lot, (but before security), you will see a large Gersh Academy RV to the right, and a Gersh Tent to the left. You will also see Gersh Academy team members in Autism Day event t-shirts, there to assist you.

In front of the Gersh Academy RV will be a quiet area, if any individual needs some time to relax before they enter the park. The tent to the left, and all around the area, will be staffed with team members who can answer any questions you may have about the day.

Security:

Attendees will be asked to walk through security: It's a little like at the airport, but friendlier. Your bags will go through a scanner and you will walk through a metal detector. The Gersh Academy team will be there for anyone who is feeling anxious about this process.

Ticket Booth:

Just past security are the ticket booths where you will hand-in your ticket, and pass through a turnstile. Gersh Academy team members will be there as well, for anyone who is feeling anxious or uncomfortable with the turnstile.

Welcome to the park!

Right past the entrance you will see a Gersh Academy sign and a sensory table set up for you to enjoy. Behind the Gersh table you will see a large fountain, and around that fountain are all of the supporters of Autism Day. Please stop by, say "hi," and learn all about some great resources available to you.

Sensory-Tents/Quiet Areas:

There are three designated areas in the park where a child or individual can go to decompress or to just take a break from the park. Our main location is located to the left of the fountain, (from the entrance point-of-view), in Fantasy Forest - by the carousel and Yum Yum Cafe. Gersh Academy trained therapists and other staff will be at this location.

Our sponsor partner, Proud Moments, will have a quiet area set-up to the right of the fountain, (from the entrance point-of-view), just before you enter Justice League.

There is also a smaller area which is set-up on the way to the Safari.

Safari:

The Safari will be open! All Safari trucks will have a Gersh Academy staff member on board. The trucks will not be fully loaded as we will leave empty rows to make it more comfortable for all riders. Please note this ride is very loud, so we encourage those who have sound mufflers/headphones to wear them.

Remember - you are among friends, and we are all here to enjoy a day at the park - **TOGETHER!**

Communication Around the Park

Gersh Academy, the title sponsor of Autism Day, has over 100 staff members throughout the park available to answer questions, provide intervention support, sensory room assistance, ride information and directions. Look for any staff member in a YELLOW Autism Day Event Shirt for assistance.

Rides With Moderate to High Thrill Levels

See the attached chart that has information on the thrill level, rider height requirements, ride height and speed, sound intensity and other pertinent information.

Intervention Assistance and Emergency Response

If any child needs support during a meltdown or stressful moment, there are professional intervention specialists on hand to assist with any kind of experience. Ask any staff member in a YELLOW Autism Day Event Shirt with a radio to call for assistance.

***If, for any reason you need emergency response -
notify any staff member with a radio to call for help.***

General Questions

Located by the front of the Fountain will be a Gersh Academy table, and the staff there can answer all your questions about the day's happenings and resources available. There are approximately 100 additional staff members throughout the park from Gersh Academy that can assist you with any questions. And, anyone in an event day shirt will be able to help you.

Below is an illustration and **Color Key** of which Staff Members will be wearing what color shirts:

STAFF SHIRT-COLORS KEY:

	Intervention		Ride Supervision
	Sensory Tent		Marketing
	Student Supervision		Operations/Staff
	Greeters/Information		

Speakers

DR. STEPHEN SHORE

Presentation: *"3 A's of Autism: Awareness, Acceptance, and Appreciation as a Pathway to Leading a Fulfilling and Productive Life"*

Presentation Times: 12:00pm & 3:00pm
(Presentations are 20 minutes with time for Q&A)

Location: LIBERTY SQUARE GAZEBO

Diagnosed with "Atypical Development and Strong Autistic Tendencies" and "too sick" for outpatient treatment, Dr. Shore was recommended for institutionalization. Nonverbal until four, and with much support from his parents, teachers, wife, and others - Stephen is now a professor at Adelphi University where his research focuses on matching best practice to the needs of people with autism.

In addition to working with children and talking about life on the autism spectrum, Stephen is internationally renowned for presentations, consultations, and writings on lifespan issues pertinent to education, relationships, employment, advocacy, and disclosure. His most recent book *College for Students with Disabilities* combines personal stories and research for promoting success in higher education.

A current board member of Autism Speaks, President Emeritus of the Asperger's Association of New England, and advisory board member of the Autism Society, Dr. Shore serves on the boards of the Asperger Syndrome and High Functioning Autism Association, The US Autism and Asperger Association, the Scientific Counsel of OAR, and other autism related organizations.

CARRIE CARIELLO

Presentation: *"Exploring the Colorful World of Autism"*

Presentation Times: 2:00 pm & 4:00 pm
(Presentations are 20 minutes with time for Q&A)

Location: LIBERTY SQUARE GAZEBO

Carrie Cariello lives in Southern New Hampshire with her husband, Joe, and their five children. She is the author of *What Color Is Monday? How Autism Changed One Family for the Better*. Carrie also writes a weekly blog at www.WhatColorIsMonday.com.

Carrie did not dream of becoming a writer as a little girl growing-up in the tiny town of Wingdale, New York. She did not have visions of tap-tap-tapping her life story on a laptop for all to see on FaceBook, or for a blog, or in a book. But after giving birth to her son Jack who is on the autism spectrum, Carrie learned that she could best make sense of her long, frustrating days with him by writing about them.

Over time, writing has helped Carrie to separate the boy from his diagnosis, and discover that she fiercely loves them both. It has helped her to make peace with her beautiful son, and like a prism with countless different angles of light and rainbows, sometimes she sees her own reflection in her prose, giving her a clearer perspective into herself. No matter what kind of day it's been - whether one of tantrums and tears, or lightness and bliss - there is always something to write about, and share with the world.

DR. ROBERT MELILLO

Presentation: *"What is Happening in the Brain of kids with ASD and What Can be Done About It"*

Presentation Time: 3:00 pm

(Presentations are 20 minutes with time for Q&A)

Location: LIBERTY SQUARE GAZEBO

Dr. Robert Melillo is one of the world's most sought after and respected experts in Developmental Functional Neurology, Brain Imbalances, Hemispheric Integration and the Diagnosis and Correction of Most Neurobehavioral Disorders and Learning Disabilities. He is also a successful businessman and entrepreneur and has developed many successful businesses. In 2006, he created Brain Balance Achievement Centers which has approximately 150 centers and has helped tens of thousands of families. He is a prolific author and brain researcher, he has published one major text book titled *Neurobehavioral Disorders of Childhood an Evolutionary Perspective*.

In addition to Dr. Melillo's many other accomplishments, he has presented at numerous scientific and clinical conferences around the world, and has taught his own course in a post graduate level for over 20 years. Dr. Melillo has also appeared on over 1000 radio and TV interviews, was honored to be part of Dr. Mark Hyman's recent Documentary, *Broken Brains*, and with his wife Carolyn, developed their own TV and Radio Show. Dr. Melillo and his wife are also currently the creators of a new web-series *Disconnected Kids Reconnected Families*. They have been married for 29 years and have three kids. He is honored to be on the Advisory Board for Zac Browns' Camp Southern Ground for children with learning disabilities. In 2017 Dr. Melillo also created a line of vitamins called KidGenius and TruGenius

Dr. Melillo has a passion as well for doing Personal and Professional Development Training and Coaching to help people take their lives to new levels!

GERSH ACADEMY AT WEST HILLS DAY CAMP

Have you ever wished your child on the autism spectrum and their typical siblings could go to the same summer camp?

Gersh Academy, with over 30 years of experience helping children with special needs and West Hills Day Camp - with over 60 years of camping excellence - joined forces to provide the ultimate summer camp program for children on the autism spectrum. Located on 18 acres of Long Island's beautiful North Shore, Gersh Academy @ West Hills Day Camp offers children on the autism spectrum the opportunity to participate in a traditional summer camp experience while receiving the support necessary to be in a mainstream setting.

Activities include: Swimming, Theater, Competitive Sports, Horseback Riding, Travel, CIT, Petting Zoo, Fine Arts, Challenge Courses, Fishing & Boating, Photography, Radio Production, ATVs, Zip Lining, Drone Operation and so much more!

"I just want to thank all of you for making our son's first camp experience truly one to remember. From day one he came home with the biggest smile on his face, and it never went away. As parents, this meant more than you could imagine, especially when opportunities like these are so limited for our special children to participate. We look forward to doing this again next summer."

GERSH EXPERIENCE

Gersh Experience is a one-of-a-kind, supported residential living program designed for students 18+ on the autism spectrum. It takes a comprehensive and customized approach to teaching young adults how to navigate our world and reach their highest level of independence.

"He is learning socialization and self-help skills, time and money management, personal and home care, and so much more! He is being allowed to grow, with expert guidance toward independence, in a way that makes sense to him. He is having typical experiences with peers and learning by doing. He is being treated as a competent young man, instead of as a needy child."

– Gersh Experience Parent

www.GershExperience.com

WEST HILLS ACADEMY

Built on 25 years of experience in the field of education, West Hills Academy is a private alternative school that specializes in meeting the needs of students for whom the traditional classroom is not working. We understand the importance of getting to know the child YOU know and creating a customized and flexible learning environment in which your child can reach his or her full potential. Our program is structured to support the individual needs of the child—emotionally, socially and academically. We are located on beautiful 18-acres in Huntington, NY.
